

# MELT CONE FAT FLOOR BLACK LED

OFF

ON

Melt is evocative of molten glass, the interior of a melting glacier or images of deep space. A perfectly executed metal cone becomes the most appropriate and elegant platform to support and enhance a multitude of different possibilities from our range of metallic polycarbonate shades, including a tinted white opalescent finish, boosting its luminosity. Melt Cone Fat is available in a black base as well as a new hyper-polished and reflective silver finish.

### OPAL WITH BLACK CONE

<b>Code</b>	MES01OP-FUN03M1
