

IT'S ABOUT RoMi[®]

CITY LIGHTS

Height is adjustable:

you can shorten the total length by removing 1, 2 or even 3 of these connecting tubes.

How to do this:

1. Remove the screw terminal inside the ceiling cap.
2. Cover the electrical wiring with tape so you can easily get it through the hole of the ceiling cap.
3. Don't forget to remove the tape afterwards and place the electrical wiring back into the screw terminal.

AMSTERDAM CHANDELIER
SIZE: 120CM H. MAX
MAX: 40W × 5 / E27, 8W CFL

Please note: only a qualified electrician is allowed to install the lamp or extend the electrical wiring.

Have a lot of
bright days with
your lamp!
